

# Dallas Neurosurgical & Spine

## Physician Disclosure of Financial Interest

Thank you for the opportunity to provide your neurosurgical needs. We are committed to assuring your complete satisfaction.

The purpose of the disclosure notice is to inform you that we, the physicians at Dallas Neurosurgical & Spine, may have financial interests in the following facilities in North Texas – Texas Institute for Surgery and Methodist Hospital for Surgery.

Your physician may also have a financial interest in the professional component of intraoperative monitoring that is provided during selected surgical procedures, anesthesia services, durable medical equipment, and/or companies that provide implants and other devices for certain procedures.

You may be referred to an out of network provider, and as a result you may receive an out of network bill. It is our standard practice to offer access to high quality providers for operative ancillary services that have demonstrated quality outcomes. Referrals to out of network providers are made with the goal of providing the highest quality of care.

You have the right by law to choose the provider of your health care services as well as the option of utilizing an alternate medical facility, monitoring, anesthesia or implant company.

You will not be treated differently by your physician if you choose to obtain health care services at another facility, or to utilize another monitoring, anesthesia or implant company, if applicable. We welcome you as a patient and value our relationship with you.

If you have any questions concerning this notice, please feel free to ask your physician. By signing this Disclosure of Physicians Ownership, you acknowledge that you have read and understand the foregoing notice and hereby understand that your physician has a financial interest in the listed facilities and other above stated services.
